

## We are hosting WinePro 2026

From Tuesday 23rd June - Thursday 25th June, we are hosting the large scale event WinePro. This is also in collaboration with the Marlborough District Council.

Please note: This event has significant packing in requirements that will begin on Saturday 20th July.

As part of this event our carparking directly out the front of Stadium 2000 (between pocket park and big save furniture) will be fenced for stall-holders, marquee set up and machinery.

- Access to Stadium 2000 via main entry will still remain the same using the side main entrance doors.
- Accessible parking will be relocated to the position in the pic below.
- All other carparking outside the stall area remains 150mins or parking metered as per normal.

Please check our class bookings web-page or ask at reception for changes to Dry Side Group Fitness over this period.
