

Important Notice: Upcoming Change to Stadium 2000 Pricing

Dear valued members, users and supporters of Stadium 2000,

We are writing to let you know about changes to Stadium 2000 casual entry and membership pricing.

We understand that any increase in pricing can have an impact, and this decision has not been made lightly but with careful consideration. Following a comprehensive review, these changes are necessary to support the long-term sustainability of Stadium 2000 while continuing to provide affordable access to health, fitness, recreation and wellbeing opportunities for our community.

While operating costs have continued to increase over recent years, Stadium 2000 has worked hard to minimise price increases wherever possible. Child and family casual admission prices have remained unchanged since 2012, and all other casual entry prices have been held since February 2024. This pricing review helps ensure we can continue providing a safe, well-maintained and high-quality facility while keeping our services as affordable and accessible as possible.

The review has been informed by increases in the Consumer Price Index (CPI) and the Local Government Cost Index (LGCI), reflecting the rising costs of staffing, utilities, maintenance, compliance, equipment replacement and facility operations. Our goal is to balance affordability with the long-term sustainability of Stadium 2000 ensuring we can continue to provide safe, welcoming, well-maintained facilities and quality programmes for everyone in our community.

Effective **Tuesday 1 September 2026**, casual entry and multi-visit prices will be updated as follows:
